

Proposed Movement Strategy for Ancoats

This plan shows the proposed TRO changes:

- Installation of traffic filters at a number of points to remove vehicular through traffic, including:
 - Junction of Radium Street/Jersey Street;
 - Junction of Bengal Street/Blossom Street;
 - Second filter on Blossom Street east of the existing closed section;
 - Jersey Street to the west of the entrance to Mozart Close.

- Introduction of one-way movement from Oldham Road into Poland Street, and from Radium Street onto Oldham Road.
