

A6 Sparrow Crossing

This plan shows the proposed new crossing on the A6:

- Bus stop north of Belvoir Avenue to be extended and bus shelter to be retained.
- Existing build-out north of Mayford Road to be retained.
- Proposed parking bay to be installed north of Mayford Road.
- Existing bus stop north of Mayford Road to be relocated south of Mayford Road, in place of an existing parking bay.
- Proposed new signal-controlled sparrow crossing, consisting of separate crossing points for pedestrians and cyclists.
- Proposed new footway buildouts.
- Proposed rain garden south of crossing.
- Proposed new filter to be installed on Belvoir Avenue opposite the cyclist crossing point.
- The existing crossing will be removed to be replaced with the new one between Belvoir Avenue and Mayford Road.
- Proposed bus lay-by on existing parking bay south of Mayford Road.
- Tree on corner of Portville Road to be retained.
- Additional bollards to prevent parking on the footway.
- New double yellow lines on Belvoir Avenue as requested by the refuge collection team.
